I am working on .NET, SQL Server, Angular, PHP, Laravel, WordPress, Vue.js, React.js, Redux, Node.js, Express.js, MongoDB, My-SQL.

## SKILL

---

**HTML, CSS, Bootstrap, PHP, Laravel, My SQL, WordPress, JavaScript, React.JS, Redux, Angular.JS, Node.JS, Express.JS, MongoDB, .NET Core Web API, SQL Server**

## WORK EXPERIENCE

---

### PRAN-RFL Group

01/02/2024 – Continue

#### Software Developer

PRAN-RFL Group, one of the largest conglomerates in Bangladesh, encompasses various subsidiaries such as Pran Foods, RFL Plastics, and Pran-RFL Healthcare. In here I am working on developing ERP systems with multidisciplinary team using technologies like Laravel, .NET, Angular, SQL, and Oracle Apex. My role involves:

- System Design and Development
- Database Management
- Integration and Support.
- Produce clean, efficient code base on the client's specifications.
- Debug and upgrade existing software.
- Create technical documentation for reference and reporting.

### BAITS

03/04/2022 – 30/01/2024

#### Software Developer

BAITS is a software and hardware base company in Bangladesh. In here I am working Job portal Site, Educational Management System, Inventory Management System. I have collaborated a multidisciplinary team of software developers with PHP, Laravel, My-SQL, Vue.js and WordPress. My role involves:

- System Design and Development
- Integration and Support
- Debug and upgrade existing project

# PERSONAL PROJECT

---

## **Ecommerce Website Development (.NET Web API, SQL, Redis, Angular)**

This E-Commerce Application is built using .NET 8 Web API, SQL, Redis and Angular 17, with security, scalability, and ease of maintenance. Backend development using .NET 8 Web API to interact with a SQL database, Authentication and Authorization using JWT, Store Shopping cart data using Redis caching database, Frontend part using Angular 17 to making it easy to manage and store important entities such as users, products, categories, orders, and more.

**Tools (.NET 8 Web API, SQL, Redis, Angular 17)**

<https://github.com/ragib006/.NET-Angular-Ecommerce>
